Heat exchangers
Refractory lined products (Heaters, Boilers, Waste heat
boilers, Burners, Reactors, Regenerators, Cyclones)

Cyclones

Piping and fittings & Flanges
GRE piping and components

Pumps
Diesel/Gas engines
Gear boxes
Skidded Units
Modules.
Fire Fighting installations and equipment.
Compressors
Dryers
Turbines

Generator packages
Level instruments and Gauging systems
Instrumentation
Flow meters
Metering systems
Cables
Electrical cabinets
Transformers
E motors

Cranes
Live/Rescue Boats
Davit systems
Winches

CLIENT / PROJECTS: MHI, several projects, gas filters
Shell USA, several projects, subsea flow meters, Valves,
special Actuators and Davit systems.

IV Oil & Gas,
projects:
NUON, Epe 2,
TAQA
Venture J6A
Total
Conway
Chevron A 12
Fluxys
Santos
Dolwin

Review QA/QC documents including welding documents,
QC Vendor inspection, mechanical, E & I, final vendor
documentation and assisting site crew on code matters
and warranty claims.

Twister B.V. Gas drying project AFAM, Shell Nigeria,
overlooking manufacture of the LTX vessels, QC on the
vessels, all qc matters of the module including
instrumentation and the Final documentation.
